The Occasion Being Class Initiation And Banquet Given Under the Direction of Various Circles of the Protected Home Circle

THE G. I. CIRCLE DEGREE

Sixty-one Candidates Receive Honor, Candidates From the Various Circles In Uniontown District—Work Conferred At Lyceum of St. Jerome's Church

All fraternal roads lead to Charleroi last night, the occasion of the class initiation and banquet given under the direction of various Circles comprising the Uniontown district of the Protected Home Circle. The address of welcome was given by Burgess J. Bryant Tussing, who chose for his topic, "Fraternalism, Patriotism, and Good Citizenship" Mr. Tussing said in part:

"It certainly affords me great pleasure to have been chosen to welcome such a gathering of enthusiastic fraternal workers as those I see here. You represent one of the greatest fraternal organizations in the country, having for its object the upbuilding and protection of the home, the foundation of all government. And more especially, those of our government, the best government in the world. Unlike many other monarchial governments, we are free citizens, and are permitted to govern our homes in accordance with the best of laws, and allowed to worship God after the dictates of our own conscience. As such, I most heartily welcome you, one and all, to our Magic City, and may you soon come again."

The response was made by Supreme President A. C. McLean of Sharon, the home of the order. He complimented Charleroi Circle, its officers, and members in their untiring efforts through the splendid work of state and local deputy, Mrs. Maude Crockard Hobaugh of Uniontown.

The Grand Inner Circle degree was impressively and appropriately conferred on 61 candidates from the various Circles in the Uniontown district, under the able supervision and direction of Degree Master W. C. Lavinger, assisted by a drilled team, composed of members from various Circles. The degree was conferred in the Lyceum of St. Jerome's church.

The banquet held at the Chrisuan church was a pleasurable amenity and reflects to the credit of the caterers, the ladies of the church.

Aside from the address of welcome by Burgess J. Bryant Tussing and the response by Supreme President A. C. McLean, Mrs. Charles G. Grant rendered a solo; three-minute addresses were given by Messrs. William Hobaugh, William Davies, Howard Taylor, Edward King and John Ludwig.

One of the features was the address of C. B. Copeland, who spoke on "Reminiscences of P. H. C."

Music was furnished by Earl Hott and Miss Margaret Ellison.

At the conclusion of the ceremonies, a short social session was held in the Lyceum, dancing being indulged in and a friendly interchange of greetings.

The committee who contributed to the success of the affair was comprised of William Davies, Mrs. Josephine Kline, Mrs. Pearl Silbaugh, Louis Proten, Earl Hott, Miss Romala Anderson, Mrs. Laura McCoy, James Woods and Miss Margaret Ellison.

MORE PORK ON HAND THAN FOR PAST TEN YEARS

Harrisburg, Pa., April 30.—(United Press)—Pork products in cold storage warehouses contained more pork April 1, at the end of the first three months of 1924, than at any time in the past ten years, the quarterly report of the state department of Agriculture showed today.

The report that 7,062,716 pounds of pork were in 24 of the 73 plants, as compared with 7,187,725 at the same time a year ago.

Four million pounds of fish were withdrawn from storage in the first quarter and the number of eggs was reduced from 4,563,055 to 626,835 dozens.

The amount of butter in storage showed a reduction of over two million pounds in the three months period, to 566,360 pounds. Poultry holdings were low with 3,836,917, as compared with 5,074,101 pounds a year ago.

Joint Meeting Of The Hospital Directorate Held

A joint meeting of the directors of the Charleroi-Monessen hospital and hospital committee of the proposed Monessen hospital, was held in the dining room of Johnson's restaurant, Monessen, last evening, at which the needs of a Community hospital building to supercede the present structure, were discussed. It was the consensus of opinion that the present building, while subserving well its usefulness in the primitive days of the community, is no longer adequate to meet the demands made upon it; however, no definite action was taken at the meeting last evening.

It was suggested that the hospital committees get together to evolve and decide upon a plan for a site that will meet the needs of the community at large, which embraces the territory from Millsboro to Donora, and from West Newton to Marietta.

Directors Harry W. Scott, Thomas P. Tweed, John B. Schafer, S. L. Woodward, George W. Hott, Ross Reeves, and Michael Rosenbloom; Drs A. S. Sickman, V. P. Viesiet, W. L. Bothin, and W. W. Schmidt representing the hospital staff of physicians, were present.

W. C. Sutherland of the Pittsburgh Steel Products Company was present, and was an active advocate of the need for a new hospital.

Presbytery Approves Sale of Waynesburg Church By the Congregation

At an adjourned meeting of Washington Presbytery held Monday afternoon in the Central Presbyterian church, Washington, the action of a special committee of presbytery recommending that the complaint of certain members of the Waynesburg congregation protesting against the sale of the old church property there be not sustained was approved.

Ever since the congregation voted to dispose of the old properties and to erect a new building on a new site there has been some opposition on the part of certain members of the congregation. To hear complaints, presbytery appointed a special committee consisting of Rev. D. W. M. Hays of Bugettstown; Rev. J. A. Craig of Washington; Rev. George Davidson of Prosperity; Attorney Lloyd O. Hart of Washington and R. D. McCleary of West Alexander, was appointed to meet in Waynesburg and hear the complainants. This committee after a full hearing made its formal report, which presbytery unanimously sustained.

TO BOY SCOUTS OF COMMUNITY TROOP NO 1

All members of Community troop No 1 of the Charleroi Boy Scouts are urged to attend the meeting tonight at their headquarters. The time is fixed for 7 o'clock. This session is the first in the new year and there is business of importance to be transacted. Take your registration and dues. There will be a special feature at this meeting which no member can afford to miss.

LUMP OF "RED DOG" BREAKS MAN'S LEG

While loading "red dog" into trucks from the "gob" pile just outside the Acme Coal mine, Bentleyville, yesterday afternoon between the hours of 2 and 3 o'clock, George Haines, aged about 55 years, who resides in Fallowfield township, near Nelson mill, suffered two broken legs when a huge lump of the "red dog", weighing perhaps about five tons, being under-mined, became dislodged from this small mountain of slate, and rolling down, struck and knocked him down, pinning his [illegible] beneath its weight. Dr. Hook, the mine physician, was immediately called and administered first aid to the victim and rushed him to the Washington hospital.

Haines, who is a wellknown figure in farming circles, was loading the material for the township roads at the time of the accident. His condi-

MAY BE VICTIM ILL-FATED MINE

Relatives and friends are apprehensive for the safety of Matthew Herron, Jr., of Monongahela, a mine engineer, who it is believed, was in the ill-fated Benwood mine of the Wheeling Steel corporation at Benwood, West Virginia, when the gas explosion occurred Monday morning at 7 o'clock, killing scores of workmen.

Herron last week explained to his wife that his duties at Benwood would necessitate his entering the mine and since the explosion no trace of him has been found. Charles Herron, a brother, and Charles A. Nessler, a brother-in-law, both of Monongahela left for Benwood and a telephone message received from them stated that he had not been accounted for.

MAN KILLS WIFE FROM WHOM HE WAS ESTRANGED

New Kensington, Pa., April 30—(United Press)—Waclow Baginski 38, shot and killed his wife, Mrs. Sophie Baginski, 42, here today in a restaurant which was operated by the couple, according to the police.

The couple became estranged two weeks ago and the husband left Mrs. Baginski to manage the business. The woman hired a man to assist her, police say.

Hearing that a man was working in his restaurant, Bagonski returned today drew a revolver and fired once at his wife. The bullet went wild and the woman ran from the place.

Baganiski pursued his wife, firing two more shots. The woman was struck in the breast and arm. She died on her way to the hospital.

BELEIVE 114 MEN ARE KILLED

BULLETIN.

Benwood, W. Va., April 30.—(United Press).—The 114 men who entered the Benwood Mill mine of the Wheeling Steel Corporation at Benwood, were killed in the gas explosion which wrecked the workings Monday, it was believed today.

Fifty crushed and charred bodies had been removed from the mine by dawn today and rescue squads continued to push their way through barriers of stone and dirt that blocked the passage ways in the bowels of the earth in search of other victims of the disaster.

A second explosion in the mine yesterday, which slightly injured two members of a rescue crew, hindered the work of the men who have labored with unfailing courage in the grim drive to save shattered bodies of the men still entombed.

The blast yesterday, from a pocket of gas, showered several rescue workers with coal and splintered timber. The men injured were assisted to the surface and after having their wounds dressed, re-entered the mine to continue their heroic work.

A number of dead rats clutter up the workings, rescue squads reported today, showing that the poisonous gases spread rapidly.

No official investigation of the tragedy has been started as yet. An acting coroner and a jury of six men view each body as it is brought to the surface.

When an investigation is started it is believed an effort will be made to ascertain if the air fan which kept the mine clear of poisonous gas was kept running from Friday night, when the mine was closed, until Monday morning when the first crew entered the workings.

Under the West Virginia Compensation law the widows of the miners killed will receive $20 a month each and $5 extra each month for every child under 16 years. The entombed miners carried insurance policies totaling $55,000.

In one chamber of the mine fifty-five men were trapped. As yet rescue squads have been unable to reach this section and in some quarters faint hope was held out that these miners may still be alive.

Along dark, damp passageways, other bodies have been found and the remains of these men who went down the slope Monday after the mine had been declared "safe" will be brought to the surface today.

As the bodies were raised to the surface wails of grief rent the air as rumor spread through the crowd giving the possible identification.

AMERICAN BIRD MEN HAVING WOE IN WORLD FLIGHT

Major Martin has encountered another obstacle in resumption of his flight following a forced landing at Chignak. He has wired repairs on the Seattle would consume a longer time than he had anticipated.

MARY BUYS 12 GOWNS IN 15 MINUTES

Paris, April 30—(United Press)—Mary Pickford this morning did what every woman has dreamed she would like to do—bought all the Paris gowns she wanted without even asking the price.

The film star bought 12 gowns in 15 minutes, nearly causing a score of French midinettes to expire of astonishment.

Doug was an active aid in the shopping, choosing and rejecting with expert decision. Mary, however, had [illegible] many gowns because they were not "simple enough."

"The well dressed woman is always simply dressed," she informed Madame in faultless French, while the midinettes hung on every word.

Constable And Wife Mourn The Death of Babe

Abraham Lincoln Wright, aged 1 year and 8 months, son of Constable and Mrs. Playford Wright of Fallowfield township, died yesterday morning at 6 o'clock, following an attack [illegible].

Funeral services will take place tomorrow afternoon at 2 o'clock from the late home with interment in the Maple Creek cemetery.

DRASTIC STEPS TAKEN TO QUELL A REBELLION

Havana, April 30.—(United Press).—The Zayas government today took drastic steps to put down rebellion which has broken out in the province of Santa Clara.

Orders were issued for the arrest of all leaders of the patriots and veterans' association, the organization considered responsible for the rebellion and five men were taken into custody in Havana. They are Mario Garcia Velez, brother of General Velez; Carlos Alzagaray, wealthy sugar planter and vice president of the veterans' association; Dr. Oscar Soto, a lawyer, and secretary and treasurer of the association; and Federico Moraleu, leader of the movement in Havana.

The government announced loyal troops had clashed with the rebels at Juan De La Yeras, ousting them from the city hall, which they had seized. The rebels sustained numerous casualties.

Trying to Find "The Woman" In Sensational Clarence O. Baring Case

White Plains, N. Y., April 30.—(United Press).—Investigation into the strange love tangle of Clarence O. Baring, his wealthy, middle-aged wife, and "the other woman" today centered in an effort to find Miss Mildred E. Beam, comely Elizabeth, N. J., school teacher, whom District Attorney Rowland says will be "an important witness" in the case.

Meantime Baring continues in jail unable to raise bail following his indictment on charges of attempting to kill his wife with poisons.

Miss Beam, a graduate of teacher's college, Columbia University, has been missing from her apartment in Elizabeth since Monday. State troopers are searching for her in New York and New Jersey.

Baring still maintains stoutly he did not intend to kill his wife and only administered arsenic and disease germs to her in an effort to make her ill, so he could take her to California and escape the "other woman."

COUPLE HELD FOR COURT

Joseph Burgeile and his wife, Mrs. Frances Burgelle, of Courtney, were arrested yesterday morning by Constable Ben Gibson of Monongahela, charged with violating the liquor laws and keeping a gambling house. They were arraigned before Alderman R. L. Elwood of Second ward in the city named, and given a hearing where it was testified that the couple manufactured and sold both moonshine and beer at their home in Courtney.

It was further found that they also permitted gambling and took a percentage of the winnings. They were found guilty and held for court in the sum of $2,500, which they furnished in cash.

STREET CARS TO STOP AT MIDNIGHT

Threatened Strike of 3,200 Conductors And Motormen Seems Inevitable—Both Sides Are Standing Firm

COMPANY REJECTS DEMAND

Increase of From 8 to 10 Cents An Hour Asked—Preparations Being Made to Meet Strike By Running Shuttle Trains And Trucks

Pittsburgh, April 30—(United Press)—Pittsburgh's street cars will stop running at midnight and 3,200 conductors and motormen will walk out on strike unless last minute conferences between employe representatives and the Railway Company officials adjust their differences.

Employes of the Pittsburgh Railway Company have demanded an increase of 8 to 10 cents an hour. Officials of the company have flatly rejected the demand.

Both sides this morning were standing firm while L. R. Thomas, U. S. Labor Department mediator attempted to negotiate a compromise.

Meantime Pittsburgh began preparations to provide emergency transportation should the scheduled strike go into effect. Railroads planned to operate shuttle trains to every borough in the vicinity of the city and business houses tentatively engaged trucks and transport their employes to and from work if the need arises.

MOTHERS ARE HONORED AT A RECEPTION

The Westminster Guild of the Washington Avenue Presbyterian church held their sixteenth annual reception to their mothers last evening in the parlors of the church with sixty in attendance. In the absence of the president, the opening exercises were conducted by Miss Grace Gel[illegible] and the program was in charge of Miss Louise Collins.

In response to the roll call, quotations honoring "Motherhood" were given by the members. The guests of the evening were then treated to a rare musical program, consisting of solos by Mrs. Vivian Beazell, Mrs. Blanche Toner, and Mrs. Emma Showers, whose work is always appreciated by those who are fortunate enough to hear it. A piano duet by Mrs. Florence Barger and Mrs. Margaretta Gaut, whose talent and skill in the rendition was pronounced "just fine" by all. The program of the evening was concluded by a very interesting talk by the new pastor, Rev. Frank S. Montgomery, his subject being "Motherhood." His talk had to do mostly with the wonderful courage of our mothers during the late world war and everyone present agreed that the talk had but fault—it was too short. Elaborate refreshments were served by the young ladies, after which the meeting adjourned to meet about the same time of the year, 1925.

THAW'S FREEDOM STILL HANGS IN THE BALANCE

Philadelphia, April 30. — (United Press).—Harry K. Thaw, recently declared sane, will be permitted to go free on parole pending decision on Evelyn Nesbit's appeal for another trial, if a petition now before Judge Monoghan is granted.

John W. Patterson, attorney for the millionaire inmate of Kirkbride's, has filed a petition asking for greater freedom for his client and a decision is expected today.

An affidavit by the physician at Kirkbride's, stating Thaw to be of sound mind and capable of having his liberty, accompanied the petition of Patterson.

COOLIDGE AND COX ARE WINNERS

Columbus, Ohio, April 30. (United Press)—President Coolidge and former Governor James M. Cox have won a cleancut victory over Senator Hiram Johnson and W. G. McAdoo, returns from Ohio's presidential primary showed today.

Results from 1,500 of 8,500 precincts in the Republican contest gave Coolidge 21,957 to 6,125 for Johnson.

In the Democratic contest Cox was leading McAdoo 12,288 to 4,662.

In the contest for Republican delegate at large Harry M. Daugherty pledged to Coolidge, was running about even with State Senator George Bender, state manager for Johnson.

WORK PROGRESSING FOR BETTER PARK

City Engineer Mark Borland of Monongahela, with his assistants, has completed the survey and made the levels at Chess park in Main street in the city named, following completion of grading by Harry Ashcraft.

With the work of the engineers completed rapid progress will be made in laying sewers and water lines beneath the park. Subgrading for installing concrete walks throughout the park has been begun and will soon be finished. The contractors for the concrete work have their equipment ready to begin the laying of walks as soon as the grading for them is completed.

All trees and debris not in the construction plans have been removed and planting of shrubbery and necessary trees has been begun. The water well on the property will be cleaned and a modern drinking pump will be installed. Pavements surrounding the park will be repaired and in Main street a concrete pavement will be built.

The beautiful figured fountain which will grace the center of the park has been completed by the New York builders and is expected in a few weeks. Necessary excavating for it will be done when word is received from the New York from regarding shipment.

Veteran Alexander Wins His Own Game At Chicago Yesterday

Grover Cleveland Alexander, the ace of the Cubs pitching staff, and a veteran of a number of summers and goodness knows how many winters, as the victor over Lee Meadows in a thrilling pitcher's duel in the Windy City in a hectic eleven inning contest yesterday, the score at the close being 2-1, with the Pirates on the short end. Alexander placed himself in the hall of fame when he clashed out a double in the Cubs half of the eleventh, winning his own game by scoring Friberg. Cubs first baseman, who is held by some authorities and judges to rank next to Traynor of the Pirates as the leading third baseman in the league.

The contest, which was a pitchers' battle, was all that the most exacting fan could ask in this regard. The Pirates broke the ice, after several scoreless innings, by registering a marker in the seventh, but were unable to score after that. The Cubs tied the count in the ninth, and won out in the eleventh by Alexander's timely blow.

The same clubs play in Chicago today.

ST. JAMES IS THE NEW KING OF TURF

New York, April 30—(United Press)—Turf fans were hailing a new king of the turf today in St. James, the handsome three-year-old from the stable of George S. Widener. St. James, boosted now to a prohibitive favorite for the Preakness of Kentucky derby, gave the mighty Zev, the world's greatest money winner, what horsemen regarded as the worst beating of his career in the Paumonok handicap on the Jamaica track yesterday.

It was pointed out that while Zev was beaten badly by In Memoriam last fall, it was over a longer distance while St. James won over the Spring distance at which the Sinclair horse was supposed to be invincible. Zev got away to a fine lead but he was overtaken quickly by St. James and trailed most of the distance.

Cuddy Hurts His Hand And Is Unable To Box Horvath Tonight

If the franchise is extended to British women between 21 and 30, the sex will have a voting majority of half a million and this is one of the objections raised to the extension. Women voters have a majority in this country also, but as most of them won't vote for women and as numbers decline to vote at all, the men see no reason for alarm.

A last minute change has been made necessary in the main bout of the Majestic Club's show for tonight at the Palisades ring, McKeesport. Johnny Horvath of Mansfield, O., was to have met Cuddy Demarco of Charleroi, but according to the report from the DeMarco camp Cuddy hurt his hand in training and is unable to go through with the engagement.

The club was fortunate in securing Dave Conley of Altoona, to replace him, and the fans are assured a good bout, although most of them had their hearts set on seeing DeMarco box Horvath.

The remainder of the card will not be changed. The semi-final will be between Young Penrod of McKees Rocks and Butch Moore of Homestead. The second number brings together Ray Johnson of Irwin and Johnny Russell of Fayette City and in the opener Tony Tortoise of Elizabeth will oppose Young Hope of Clairton. The show opens at 8:30 daylight saving time.

Folks in King Tut's time were not so slow. The word starboard is probably derived from steer board, and became identified with the side of the ship to the right of a person at the steer board and facing the bow. The word larboard was used to designate the side to the left. This term has been superseded by the word port, in order to avoid the confusion caused by the similarity of names.

HOMESTEAD TO MEET THE LOCAL TEAM IN SEASON'S OPENER

The game scheduled for this afternoon between the Charleroi Independents and the C. M. C. team of Homestead, was called off on account of rain and wet grounds. The C. M. C. team will appear here next Tuesday at 4 p. m.

The C. M. The home club has some new players this year, and the fans will hail the chance to see them in action.

INCLOSE YOUR LAWN.

Your lawn will be a delightful part of the home, if it is attractively fenced. A nice lawn fence enhances the appearance of both front and back lawns, commands respect for your flowers and shrubbery. Children especially need the protection of a fenced lawn; it safeguards them from the dangers of the streets, enables you to select their playmates, and keeps away vicious or fighting dogs.

"Pittsburgh Perfect" lawn fences excel in beauty, neatness and durability. Made of heavy gauge, thoroughly galvanized wires throughout, inseparably welded at every contact point by electricity. There are no protruding wire ends, and the fence cannot pull apart or lose its shape. A permanent and dignified improvement for city, farm and suburban lawns, as well as for parks, cemeteries, playgrounds, etc. Closely spaced wires keep out chickens. Several attractive designs, both ornamental and plain. Moderate in cost.

The report that 700 automobilists have been held up at the California-Arizona border to be fumigated for foot-and-mouth disease calls attention to what seems to be a very serious condition. It is stated that in California 48,796 animals—cattle, hogs, sheep and goats—have been killed at a cost of $2,034,000 to check the plague.

In response to many questions asked on account of the request of the motormen and conductors for an increase in wages, the following figures are given for the information of the car riders and others interested

The wages paid to motormen and conductors by the Pittsburgh Railways Company *are high* when compared with the wages paid for the same employment in other cities.

The maximum hourly wage as of February 1st, 1924, paid motormen and conductors in the 49 largest cities is as follows:

	Wages Per Hour
Chicago	73 cents
Boston	70 cents
Detroit	70 cents
PITTSBURGH	67 cents
St. Louis	67 cents
Seattle	66 cents
Philadelphia	65 cents and Bonus
Third Avenue, N. Y.	63 cents
Scranton	63 cents
Brooklyn	62 cents
Milwaukee	61 cents
Providence	61 cents
Cleveland	60 cents
Newark	60 cents
Jersey City	60 cents
Paterson	60 cents
Akron	58 cents
Worcester	58 cents
Bridgeport	57 cents
Hartford	57 cents
New Haven	57 cents
Youngstown	57 cents
Oakland	56 cents
Washington	56 cents
Buffalo	55 cents
Kansas City	55 cents
Dayton	55 cents
Rochester	55 cents
Toledo	55 cents
San Francisco (Market Street)	54 cents
Los Angeles	53 cents and Bonus
Cincinnati	53 cents
Minneapolis	53 cents
St. Paul	53 cents
Syracuse	53 cents
Denver	52 cents and Bonus
Memphis	52 cents
Atlanta	51 cents
Baltimore	51 cents
Grand Rapids	51 cents
New Orleans	51 cents
Birmingham	50 cents
Omaha	50 cents
Houston, Tex.	50 cents
San Antonio	47 cents
Louisville	46 cents
Dallas	45 cents
Indianapolis	42 cents
Richmond	40 cents

The Figures Given Above Were Secured From Reliable Sources and Are Authentic to the Best of Our Knowledge

The maximum wage rate per hour for Motormen and Conductors in 1913 was.....*30 cents.*
The maximum wage rate per hour for Motormen and Conductors in 1923 was.....*67 cents.*
Increase.....123.3 Per Cent

Street Car Fares, cash.....1913 5 cents
Street Car Fares, per token or ticket 1923 8⅓c
Increase.....66⅔ Per Cent

Increase in cost of living in Pittsburgh since 1913.....76.6 Per Cent
(The data given above has been obtained from the United States Labor Bureau reports.)

The average wage earned by the motormen and conductors who worked regularly more than eleven months during 1923 was.....$1,918.00

If the present wage of 67 cents maximum had been in effect throughout the year, the average wage earned by these men would have been.....$1,991.00

To compare with other occupations $50.00 should be added for the free transportation allowed motormen and conductors, making the earnings of these men per annum.....$2,041.00

Based on the average earnings of *all* motormen and conductors, the average number of days worked in 1923 was 313, *6 out of 7.*

Although the cost of living increased only *76.6 per cent* and the street car fares only *66⅔ per cent,* the wages of the motormen and conductors of the Pittsburgh Railways Company have increased over *123 per cent.*

Pittsburgh Car Riders are paying a fare exceeded by only two other cities of comparable size. Yet even this high fare is barely yielding enough to meet the cost of service.

Rates of car fare in other cities comparable in size to Pittsburgh as of February 1st, 1924, are:

	Fares
Boston (Operated by State of Massachusetts)	10 cents
Cincinnati, April 1 (Undergoing Financial Reorganization)	7 "
Pittsburgh	8 1-3 "
Seattle (Operated by City)	8 1-3 "

In Fairness to Our Motormen and Conductors

Our failure to grant their request for increased wages should not be construed as a failure on our part to appreciate the cooperation they have given in efforts of the company to furnish better street car service.

The improvements in service which we have been able to effect in the past three months would have been impossible without their co-operation and we take this opportunity to express our appreciation of their efforts in helping us serve the public.

Estimated Income & Expense Statement Pittsburgh Railways Company Year 1924

INCOME

Amount of money estimated (as of February 1, 1924), to be received from fares and all other sources during the year 1924.....$23,970,000

EXPENSES

Out of this sum we must pay for the following:

At Present Rates		
Wages	$12,473,664	
Material and Supplies	2,175,000	
Purchase of Electric Power	1,781,952	
Work Done by Contract	206,390	
Injury and Damage Claims	600,000	
Rent of Buildings and Property	294,022	
Light, Heat and Water	62,368	
Payments to City of Pittsburgh and Other Municipalities Under Agreement	352,609 17,155	
Bridge Tolls, County of Allegheny	65,600	
Insurance	70,000	
Office Supplies, Printing, Stationery, Telephones, Postage, Legal Expense and Miscellaneous	90,624	
10% Payment on Deferred Accounts Under Agreement with Creditors	406,967	
Federal, State & Municipal Taxes	700,000	
6% Return on Agreed Valuation of $62,500,000	3,750,000	
6% on $5,000,000. Additional New Money for Cars, Shops, etc.	300,000	
Sinking Fund Payment on Cars	421,000	
		23,767,351
Balance		$ 202,649

These operating expenses are based on 1923 experience.

Business is slowing up. Railway passengers carried in the first twenty-two days of April fell below the estimate nearly 3%. If this trend is continued, it will mean $497,000 less income than estimated.

In that event the expenditures would have to be reduced $497,000 in order to maintain the slight balance indicated.

There will be no surplus from which to pay additional wages, which now take more than half the total revenue.

DUTES OF THE PRESS.

The press is confronted with many problems, the majority of which are manifold in nature, and they very oft tax the judgment of the editor as to the policy, the propriety and the justice necessary to be exercised in their publicity or their withholding from public gaze; their reading and comment.

The press is criticised for its errors of commission and omission, and given little credit for the valued service that it renders to the community in which it is circulated. One great trouble with the press and its relations with the public lies in the fact that the public often misconstrues a [illegible] paper foreign from the purport and purpose meant by the writer. Then there is another phase, of the many which might be mentioned, the aggrieved individual who imagines he has been done an injustice by the press. In the majority of cases the individual in question is dealt with considerately by the press.

After all the home newspaper is a pretty charitable institution in that it overlooks the foibles of the majority, and tells little of what it really knows about people. Its errors are human, and we think are overbalanced by its virtues.

THE NEW SYSTEM.

The new lighting system in Charleroi will, under the proposed agreement or contract, promote an entity the need of which, is paramount; at least in the opinon of the business men of McKean and Fallowfield avenues, the majority of whom are behind the project.

It is to be hoped that the change of unit as set forth by Otto John Schaefer of the Commercial department of the company, will be as satisfactory as the gentleman has confidence that it will be. The better the lighting in the business district of the borough correspondingly will be the betterment of the business interests and safety and immunity from accident of any nature. The borough is to be congratulated in its new system, and now only needs better streets and sidewalks to vie with it.

THE OFFICE CAT

It takes twenty years for a mother to make a man out of her son and twenty minutes for another woman to make a fool out of him.

Since Turkish ladies got so brave
And cast their veils aside,
They say it's very rarely now,
That one becomes a bride.

Comfort is the prevailing lot of the spring fashions. The younger generation must be getting old.

"I see," said the flapper's father, that a foreign painter is coming here to paint the fifteen most beautiful women."

"He won't need to paint Laura," said the flapper's mother. "She can do it herself."

Be consoled. A congress that is investigating everything and everybody, including itself, can't pass many needless laws.

CURIOSITY.

Mother—Why are you going to all that trouble to open that letter so carefully, Maud?

Maud—Oh, I had a quarrel with George and intend to send his letter back unopened. I thought I would just see what he said before I returned it.

The Editor used
This in a pinch—
He needed exactly
Another inch.

The difference between the harem system and our divorce system is that the harem keeper has to support them all at once.

One of the pathetic scenes of this life is that of a reformed flapper trying to persuade her mother to stop smoking.

The six weeks' course in how to select a wife, offered by the Brooklyn Y. M. C. A. is well enough, but it should be followed by a much longer course in how to support her.

Her: There's a little bit of bad in every little girl.

He: Yes, I date only big ones.

Sign in music store: "My Love is All for You" and several others.

The way some guys drive a car makes us think that most of the horse sense displayed in the olden days was possessed by the horse.

Let us give you a perfect fit, advertised the mail order clothing house.

As Usual: Shay, is thish a hand laundry?

Manager: Yes.

A. U.. Wash my hands, will ya?

AIN'T IT SO?

Some married men are quite stupid
And often become the goat,
Simply because they don't remove
The hair wifey finds on the coat.

It isn't the high cost of living so much as the high standard of living that makes things expensive.

BUT THEY MISSED THE FUN.

Blinks—I sometimes think the horse had some advantages over the motor car.

Jinks—Well, at least you never took the horse apart on Sunday morning and then had to send for the veterinarian to come over and put it together again before you could drive it Sunday afternoon.

You can always recognize the happiest boy by the dog smell.

I sing the bliss of married life, of conjugal felicity;
For who but married men can know the joys of domesticity?
And, for the inexperienced, I'll shed a little light,
On how to treat the wife: Be sure to start out right;
Don't never wash the dishes; don't never sweep the floor.
Do it if you start on things like that you're fixed forevermore.
You might consent to set the clock each night when you retire,
So wife can get up on time and start the furnace fire.
Such little acts of thoughtfulness, I'm certain do no harm.
And then, it's nice, when you get up, to have the house all warm.
Unstinted let your praises be on wife's household work;
Appreciation tends to quell a tendency to shirk.
I feel these little hints will serve to indicate the plan
That's made my marriage a success and me a happy man.

Crystal Sets May Hear London Stations

It certainly would be a great surprise to many radio listeners to receive London broadcasting stations on their crystal sets. However, this and other dreams of imaginative radio fans may soon be realized when the new transmitting apparatus invented by Guglielmo Marconi, the radio wizard whose inventions made radio communication practicable, is perfected. This signal piece of construction work in the radio field, which is based on extensive experiments conducted by the inventor and his colleague, Mr. C. S. Franklin, promises to revolutionize completely the present methods of long-distance transmission. The gist of the new invention, according to Mr. Marconi's announcement at a recent meeting in London, over which he presided, is that the radio waves are concentrated in the form of beams that can be projected in any desired direction. In this way all the power can be sent in one direction, thus intensifying the strength of the signals considerably over unheard-of distances, and the electrical energy required for said directional transmission is much less than the amount otherwise used. Marconi also stated that in his recent experiments with the new method he communicated with St. Vincent, on one of the Cape Verde [illegible] from England, with much less power than otherwise used to span this distance, and receiving the signals much more clearly, and that he was led to believe that owners of crystal sets in America would soon be able to receive London broadcasting stations. The new method may also be used to guide ships through fog.

When a wooden post or brace is to be set on a smooth concrete floor, it often becomes a problem how to make it stand securely without the danger of slipping. If two or three ½-in. holes are chiseled in the concrete and nails driven into the bottom of the post, until about ½ in of the head end is exposed and in such a position that they will project into the holes in the concrete, the post will not slip.

Ties Baby Buggy on Cane to Replace Pushcart

Fitted on the end of a walking stick, a small baby carriage has been invented by a father who got tired of using the ordinary pushcart. When not in use, the carriage folds up flat so that it can be carried readily. It runs on two wheels, the fabric being stretched over a collapsible frame.

Bird Songs Like Human Talk According to Naturalist

Study of the sounds made by birds is urged by a scientist who declares their utterances resemble human talk. He said that these songs or one-syllabled calls, have inflections of pitch and emphasis closely resembling the same phenomena in the speaking voice and that at times the whistles, chirps or twitters, resemble human words. The building up of a dictionary of bird sounds with reference to their pitch, intensity, speed, form, expression and timbre was urged.

Serum to Dissolve Cancer Tested by Doctors

After ten years of study and experiments, two Vienna physicians have announced that they have found a substance which dissolves cancer cells. In healthy persons they found that the blood serum is able to carry away the growths. The vital fluid of the victims of the disease, however, lacks this power. After many tests, a culture was made that is said to dissolve the malignant cells. It is declared to be an organic acid, the formula of which is carbon, 42; hydrogen, 76; oxygen, 7.

Discouraging Broody Hens

Hens may be completely discouraged from wanting to set by placing them in sacks and hanging these on the clothesline, as shown in the drawing. This method usually effects a cure in about three days, and even the most stubborn hens will yield in four days. The sacks should be as thin as possible to allow free circulation of air. Common burlap sacks, loosely woven, are excellent for this purpose. A New Hampshire farmer who used this method instructed his children and the hired help to give the sacks a swing every time they passed under the line to make it still more uncomfortable for the hens.

When a considerable portion of the bark around a wounded tree is knocked off the tree is very apt to die. This can usually be prevented, however, by dressing the wound, that is, by cutting down the ragged edges and giving the exposed portion a liberal application of melted paraffin.

A Playlet That Stands Unique

(Continued from First Page)

SYNOPSIS OF SCENES

Act 1 ..... Woodland Scene near Jack's Home
Act 2 ..... Jack's Party

SYNOPSIS OF STORY

This story takes place in a clearing in the woods. Jack, Mother Goose's son, is building a new house and wishes to finish it today, as it is his birthday.

Jack tells his mother that the Knave of Hearts, a noted thief, is here. Mother Goose is alarmed and has Jack lock the Humpty Dumpties in the house safely, and hangs up the key, as Mother Goose is planning a birthday party for Jack.

While she was away buying goodies for the party the crows and blackbirds conspire together, and with the Knave's assistance, steal the key. Mother Goose returns and cannot find it. Her guests arrive, and among them Old King Cole and his attendants. Mother Goose frankly advises him to marry the "Queen of Hearts." He thinks the plan a good one. Mother Goose tells the Queen the sad news. The crows are immediately brought in and a trial follows. Old King Cole sentences them to be made into a "blackberry pie." The Page to the Queen and the Knave fight a duel. The Knave is seriously wounded. So after all the Queen makes tarts for the party.—Kathryn Kratz, grade six.

Mr. Braman wishes to express his sincere thanks and appreciation for the hearty cooperation received from the Superintendent, all Teachers, and pupils of the Charleroi Schools.

Charles Crabb, who is employed at Lock No. 6 spent the week end here with his family.

Mrs. John Wilkins is spending the week-end with her daughters at Coraopolis and Pittsburgh.

Mrs. Hannah McCreary is spending a few weeks with relatives and friends at Beaver Falls.

Mr. and Mrs. Olen Phillips of Uniontown were guests Thursday of Mr. and Mrs. J. Foulks.

Mr. and Mrs. Nicholos Yost and children spent Sunday with Mr. and Mrs. Edwin Chubbs of Monongahela.

Mrs. Z. Forrester and Mrs. James Harvey of Monesen were guests on Friday of Mr. and Mrs. William Wells.

The Lock No. 4 Volunteer Firemen are expecting to make a house to house canvass beginning about May 1, for the purpose of raising funds to help pay for the new Reo chemical and pump truck, which they recently purchased. They have the town divided into 7 districts with different committees in each one and they expect a hearty response from the public as the town has better protection than it has ever had. Later on the firemen expect to hold a lawn fete, and perhaps other social affairs to help pay for it. The borough officials are selecting a site suitable for a garage.

When she took out her naturalization papers Mary Garden did not hedge behind "over 21" and boldly announced that she was 45 explaining that she would prefer to have people say, "she's 45 and looks 20." Sensible Mary.

TOWNSHIP IS MADE DEFENDANT

Smith township is defendant in a damage suit filed against it by George Taltrak, Sr., on his own behalf and on behalf of his minor son, George Taltrak, Jr. The action is based on serious injuries received by the lad by the explosion of a dynamite cap, which he had picked up near where some construction work was being done on a road by Smith township. The lad had a hand badly mangled, resulting in the amputation of one finger.

The township, in repairing the Burgettstown-Francis mine road were using on it what is known as "red dog," secured from a "slate dump" on said road. The statement sets forth that this dump is not fenced in or protected from the public in any way and was a common place for children to play, coming and going from school. On the date the Taltrak boy was hurt, he and some others stopped at this dump. As they played about there this dynamite cap was found and picked up, by the lad, it is averred, not knowing what it was. It exploded in his hand, mangling it.

The township is charged with negligence in that it allowed explosives of this character to be about where they might be picked up by children.

HUGHNER IS MADE FIRST LIEUTENANT

Harrisburg, Pa., April 30—(United Press)—James E. Hughner, Allentown, was today appointed first Lieutenant and assigned to headquarters, 534d Field Artillery Brigade, Pennsylvania National Guard, as communications officer, Adjutant General Frank D. Beary announced. Other appointments included:

Wilkes Barre—Edward E. Beisel, second lieutenant for assignment to the 109th Field Artillery, Battery F.

Norristown—Harry J. McCaughin, first lieutenant for assignment to the tank corps of the 28th division.

A Condition

The stern parent was interviewing his daughter's suitor who was asking her hand in marriage.

"She tells me she loves you," returned the girl's father, "but that is not all. Do you think you can afford to pay for all the little luxuries that she is accustomed to?"

"Why—er—yes—that is, if she'll do without the necessities, I can," replied the young man reflectively.

MONUMENTS— Remember the dead. W. S. Cook & Co., with Lawrence B. Frye, Funeral Director. 52tf

In Society's Realm

At the home of Miss Julia Stranko of 667 Meadow avenue, the members of the Jane Allen society of the Christ Lutheran church will meet tomorrow evening. A good attendance is urged.

The Kensington society of the Christ Lutheran church will meet in the Sunday school room of the church tomorrow afternoon. The hostesses will be Mrs. D. F. Worthington, Mrs. Mary Lippy and Mrs. C. M. Grier.

Misses Grace Heuple of Washington avenue and Miss Honeybee Zellers of Fallowfield avenue will be joint hostesses at reular bi-monthly meeting of the Fortnightly club tomorrow evening, to be held in Wagners Tea Room.

At noon yesterday the marriage of Miss Dorthea E. Miller of Monessen and Raymond V. Neil of Donora took place at the home of the officiating minister, Rev. Dr. W. E. Slemmons, pastor of the First Presbyterian church of East Wheeling street, Washington. After an eastern wedding trip they will be at home in Donora.

An interesting meeting of the Crozier club was held in the church school room of St. Mary's Episcopal church last evening with a good attendance. After the opening exercises a lengthy business meeting ensued, during which time it was decided to discontinue the Sunday evening religious meetings and instead hold a half hour's service at each regular meeting of the organization. It was also voted that the club donate $5 toward the extension of the Conneaut Summer school. A social hour followed and luncheon was served by the hostesses, Mrs. Martha Prescott, Mrs. Eva Bromwich and Miss Della M. Fellows, it being one of the main features.

At 7:30 o'clock this morning a prettily appointed wedding of interest was solemnized in St. Jerome's Catholic church with Rev. Father William D. Fries officiating, when Miss Kathryn C. DeMoy of 134 Fallowfield avenue became the bride of Michael John Clark of Allenport. The bride was charmingly attired in a grey outfit, grey canton crepe gown with hat to match and she carried a bridal bouquet of pink roses. The maid of honor, Miss Pauline P. Creevey of Monessen, was attired in a green crepe gown with hat to correspond. John Lofink of Fayette City served as best man. A wedding breakfast and reception took place at the home of the bride's sister, Mrs. J. W. Sethman of Fallowfield avenue, following the ceremony. The young couple left on the 10:22 train for a week's wedding trip to the Great Lakes and other interesting points. The bride is a popular young lady of the community and has been employed in the office of the undertaking establishment of Deputy Coroner M. T. Crowley for the past six years. The groom is an estimable young man of Allenport, and is employed in the Pittsburgh Steel Products company of Allenport.

McCRAY GETS 10 YEARS IN FEDERAL PRISON AT ATLANTA

Indianapolis, Ind., April 30—(United Press)—Warren T. McCray, whose resignation as governor of Indiana became effective at 10 a. m. today, was sentenced to 10 years in the Federal prison at Atlanta, Georgia, by Federal Judge Anderson following his conviction for using the mails to defraud.

McCray also was ordered to pay a fine of $10,000.

Promptly at 10 o'clock the mantle of governorship fell from McCray's shoulders by virtue of his resignation signed Tuesday afternoon at the state house.

At the same moment the prisoner arose from his seat in the crowded court room to face a sentence.

Judge Anderson refused the case which he said was one of the most extraordinary in the history of Federal jurisprudence. Slightly haggard McCray appeared to have regained his solid composure, which had characterized the man throughout his trial and he faced Judge Anderson for the last act of the dramatic court trial.

After the sentence the prisoner was turned over to United States Marshall, Moretich. Immediate preparations for a trip to Atlanta were begun.

TWO SOUTH AMERICAN RING CHAMPS HERE SEEKING FURTHER LAURELS

Luis Vincentini, Chilean holder of the lightweight championship of South America, and Quintin Romero-Rojas, heavyweight champion of Chile, recently arrived in New York. Vincentini is sure he can remove the world crown from the brainy head of Benny Leonard, while Quintin is more than willing to step into the ring with Jack Dempsey. Rojas stands over 6 feet tall, weighs 214 pounds and has won 12 of his 14 fights by knockout. He is said to be as fast on his feet as Carpentier and hits harder than Firpo.

Health Talk No. 7

WHAT IS HEALTH?

The HUMAN BODY consists of a great number of different parts, and each part has its own special work to do. Such parts of the body are called organs. Each organ not only does its own work, but acts in harmony with other organs. This relationship between the organs permits them to be grouped together into what is called systems. Thus we have the circulatory system; that is, the group of organs, heart, arteries, veins and capillaries, concerned in the circulation of the blood; the digestive system; the muscular system; the nervous system, and many others.

Each of these systems, composed of more or less different matter, must receive from the nervous mental impulse to enable it to perform its appointed task, otherwise it lags behind; it is unable to maintain its place in the systematic well-being. In such case there is no longer unity between the relative systems. The harmonious cooperation of the body is destroyed and health is no longer present.

By health, therefore, we mean perfect coordination between [illegible] from which ensues a condition determined by an imperceptible performance of normal function throughout the body.

The Chiropractor adjusts all abnormalities and the result is HEALTH.

Prominent Sharon Druggist Gives Expert Testimony

Tells of Actual Results Patrons Have Received, and of Their Statements to Him

Recommendation Is Unqualified

Declares Sulac to Be a Splendid Remedy for Stomach, Liver and Blood Troubles

Other Druggists Over Wide Territory Are Having Similar Experience With This Remarkable New Remedy

Druggists in every section of Pennsylvania who know Myer Collins, prominent Sharon druggist, will be interested in the experience he has been having with a new remedy for stomach and kindred troubles. Druggists, naturally, are skeptical when asked to order a new medicine. They are used to having salesmen tell them that their medicine is the best in the world. So when they find that a medicine is all and more than wasclaimed for it they are both surprised and delighted.

Mr. Collins very frankly says that when he was asked to place a trial order for Sulac he thought it was just an ordinary medicine. The one thing that made it stand out was its record of sales in other places. So like the progressive but careful business man that he is, he ordered a comparatively small quantity. Somewhat to his surprise the people who [illegible] more. By the time they had taken two or three bottles they commenced telling him of the good it was doing them. This started him to investigating and he has written the manufacturers the following statement:

"About two months ago I took the agency for Sulac, and I must say that it is a splendid remedy for Stomach, Liver and Blood complaints. Nearly every day people come into the store asking for a good remedy for the above complaints, and I always recommend Sulac to them. I find that the results are remarkable, and that the people who have tried it recommend it to their friends.

"Personally, I have found it to be a product of real merit, and I am glad to recommend it.

(Signed) Collins Drug Store,
By Myer Collins, Proprietor."

When food doesn't digest and lies like a lump of lead in your stomach, generating foul gases, bad breath, and a bloated short-winded condition condition, it is no wonder you get no good from the food you eat, or that you grow pale, irritable, sleepless and headachy. Constipation, heartburn, loss of appetite, restlessness, stomach catarrh, gastritis and acute indigestion, and even more serious complications arise eventually if neglected. It is for these distressing complaints that Sulac is especially recommended, and if you will give it a fair trial you will find that it is all that is claimed for it. In fact, if you take six bottles and are not satisfied with the results your druggist is authorized by the manufacturers to refund your money. Sulac is sold in Charleroi by Henning's Drug Store.

Man Postpones His Funeral

"I am 66 years old and for past two years have been suffering so badly from stomach and liver trouble, bloating and colic attacks that I did not expect to live more than a few months and was arranging my affairs and even my funeral. Three doses of Mayr's Wonderful Remedy have entirely cured me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all [illegible] ments, including appendicitis. One dose will convince or money refunded. At all druggists.
